Prices subject to change without notice.

Preview Viewing

A projection preview appointment will be made at the time of your session. We now use digital projection previewing for all portrait work. Anyone who needs to help you make your portrait decisions should be present at the projection appointment. There will be a \$35 charge to repeat a preview appointment. Please study the previews for expression and pose only. Although basic retouching will be done on our Classic and Imperial line of prints to remove blemishes and soften lines, please bring to our attention any special correction you desire. There will be an additional fee for extensive retouching such as head swaps or opening eyes, etc. You will be given a quote on these services before work begins.

Studio Payment Policies

The creation or sitting fee is paid when the sitting is booked for all sessions. Session fees are forfeited if you do not call to cancel appointments at least 24 hours in advance.

Wall portraits are 16X20 and larger.

A 50% payment must be made when your print order is placed to activate the order. No work will start on the order until the 50% deposit is paid. The balance is due upon notification of the completed order. Any orders not picked up within 30 days of being notified will be charged 1.5% per month until the order is picked up and paid in full. Orders placed by phone must be paid in full by credit card when the order is placed.

The studio reserves the right to use negatives and/or reproductions for display, publication, photo contest or other purposes. Negatives and digital files remain the exclusive property of the studio and are "Copyrighted".

A Word About Copyright: You are purchasing finished photographs, not the right to reproduce or copy them in any manner. Federal Copyright Law gives Nick Quinn Photography sole ownership of negatives/digital files and the exclusive right to reproduce prints from them. Violating copyright by copying our images is subject to a minimum \$10,000 fine. If in the future you need more prints for friends and family, we will have the files on hand and can make more quality portrait prints for you.

Fine Portraiture with Your Needs in Mind

Our Commitment

We want your portrait to be unique, hopefully capturing not just your appearance but a part of your personality. To help us achieve this goal, we take the extra time to listen to your desires and get to know you before the photographic session. To achieve a more personal portrait, we feel that it should be made in your home or place of recreation. For best lighting, outdoor portraits should be scheduled for late afternoon (the last hour before sunset). Indoor sessions can be scheduled at your convenience.

Clothing

Fine portraiture requires careful planning and proper attire plays a very important part in capturing you at your best. In most cases, emphasis should be on the faces and not on the clothing, yet clothing is often an important part of your personality. Our free detailed clothing conference before your session will enable you to best determine how you should dress. Ladies should have their cosmetics available at the portrait session.

Creation Fee

A professional photography session fee is charged at the time your portraits are taken or pre-paid for certain types of sessions. It is much like the charge a doctor makes for an office call. The creation fee covers our time and indirect expenses to produce the previews from your portrait session and it does not apply toward your portrait order. Saturday and evening sessions are payable in advance and that fee is forfeited if you do not cancel your appointment at least 24 hours in advance.

The Imperial

Our very best ! Pride and craftsmanship go into every Imperial color portrait. The finest printing techniques are used to create this print. The portrait is permanently adhered to artist canvas and the canvas is then put on a stretcher frame for strength and durability. Finally the portrait is sprayed with clear lacquer to bring out the brilliance of colors and to provide a lifetime of protection from harmful elements. We guarantee this will be a portrait you will be extremely proud to display where all your friends and family can see it.

The Classic

The Classic is a quality portrait that even the very discriminating person would consider top notch, and is offered at an affordable investment. Fine custom hand craftsmanship goes into producing this portrait of exceptional color quality and brilliance. Each print is then bonded to heavy weight mat board and coated with special spray to protect your portrait from harmful ultraviolet light and add a beautiful finish.
